

FINGERPRINTING: CUSTOMER INSTRUCTIONS

1. The City of Sacramento frequently requires permit applicants and/or those involved in certain professions to submit Live Scan fingerprint results.
2. You may go anywhere that offers Live Scan fingerprinting to start this process.
3. It is very important that you follow these instructions. Failure to do so may result in your background results not being remitted to the City and you will have to be fingerprinted again.
4. Fingerprinting results cannot be transferred or obtained from another agency (e.g., if you were fingerprinted for the City of San Diego, the City of Sacramento will not be able to view those results). You will need to be fingerprinted again for the City of Sacramento.
5. The instructions are different if you are being fingerprinted within the State of California or in another state, so please read carefully.
6. All fingerprint forms (except out-of-state fingerprinting) can be submitted via email to businesspermits@cityofsacramento.org, delivered, or mailed to the following address:
